

### Things I need to remember:

Reading books can be changed every day, if they have been read.

Children who read to someone at home 3 times per week  
will earn 3 Castle Coins!

Please record in reading record.

Monday	Book bag with reading book and reading record
Tuesday	Book bag with reading book and reading record
Wednesday	Book bag with reading book and reading record
Thursday	Book bag with reading book and reading record PE kits to be worn
Friday	Book bag with reading book and reading record

### Class dates to remember

Monday 16<sup>th</sup> June - Flamborough

Friday 17<sup>th</sup> June - Matlock Bath

### Homework

Please complete Spelling Shed and TT Rockstar 3 times a week.

Homework	Given:	Returned the following:
Monday	New Spellings	Monday (for test)
Tuesday		
Wednesday		
Thursday		
Friday		

Please note additional homework linked to topic  
may be given, just because the  
children want it!

Exceeding Expectations,

Raising Aspirations

Summer 2

Issue

# Castle View Primary Splash

## Class: Aspire

Teacher: Mrs Sorrell

Teaching Assistant: Miss Parker

## We are learning:

### English

**Letters** - the children will be learning about the features of letters including writing the address, writing an opening and ending a letter.

**Newspapers** - the children will be writing a Newspaper article about Grace Darling and her life. They will need to include the correct features of a newspaper article including a catching headline.

**Fantasy Story** - 'One world - Michael Foreman' (building on all story skills developed throughout the year - sentence types, correct tense, noun phrases, punctuation - focus paragraphs).

### Communication and Language

(Speaking and Listening)

Each child will have a perfect partner who they will talk to during discussions, problem solving and reasoning activities, to share their ideas with before they feed back to the class.

### Physical Development (PE)

**Dance** - Caribbean - Finding Nemo; we will be learning how to use different parts of the body to change a movement or help create more material responding to a stimulus (object). We will learn how to link movements with control and accuracy.

We will be taking part in a yoga session every week to develop flexibility, balance and relaxation techniques.

### PSED (Personal, Social and emotional Development)

As part of our topic, Year 2 will need good teamwork when building their dens and need to think carefully about using tools safely.

We constantly promote democracy, the rule of law, individual liberty, mutual respect for and tolerance of those with different faiths and beliefs and for those without faith.

Our learning is around the topic 'Splash' ... the seaside and RNLI

Our topic will include a trip to the seaside.

### Science

This term mainly focuses on the seaside visit where they will be learning to identify and name animals in rock pools as well as thinking about their habitats. We will also be carrying out our own investigation into the temperatures of the water and air.

### Geography

We will continue to look at the world around us and the name and location of the different oceans. We will also be introduced to the process of reproduction and growth in animals [humans].

### Mathematics

**Position and Direction** - Children will be learning about giving directions using the language forwards, backwards left and right as well as directions using clockwise and anticlockwise.

**Time** - we will be learning to tell the time to 5-minute intervals both past the hour and to the hour. The children will then use their knowledge of time to compare durations given.

**Mass, Capacity and Temperature** - Year 2 will be learning to measure weight using grams and kilograms as well as volume in litres and millilitres. As part of our seaside visit, we will also be learning how to read a thermometer to measure temperature in and out of the water.

### Music

As part of our topic Year 2 will be creating their own seaside songs in small group and adding a range of musical instruments to them. They will then perform these songs for each other.

To develop musical skills and understanding we will be using Charanga to learn about How Does Music Teach Us About Looking After Our Planet?

### Art

Children will be creating their own seaside collage by building up different layers using different materials.

### D&T

We will be designing, building and evaluating different den structures. This will also be linked to our work on habitats.
